**EXTENDED REQUEST FOR PROPOSAL**

**Introduction**

The Standing Rock Sioux Tribe (SRST), Department of Environmental Regulations/Environmental Protection Agency (DER/EPA) is soliciting bids for conducting remedial action/abatement and/or reconstruction of an old garage that has tested positive for METH. The location is within the Community of Fort Yates on the Standing Rock Reservation in North Dakota. The abatement/remedial and/or reconstruction actions and disposal of materials must be conducted in accordance with the SRST Solid Waste Codes and applicable State and United States Environmental Protection Agency (U.S. EPA) regulations.

The Standing Rock Sioux Tribe Solid Waste, 1% fee and Brownfields Programs will conduct oversight with this cleanup and abatement. Funds from these programs will be utilized to fund abatement and cleanup activities at this site. Proposed work must meet Tribal and Federal requirements.

The detailed Request for Proposal (RFP) provides the specifications and requirements for prospective applicants to complete a proposal with cost estimates for services. Contact Palani Luger, Solid Waste Program Manager or Jake Luger, Acting Environmental Specialist at the location below for a copy of the detailed RFP.
